

Galaxy Music Theatre's mission is to produce quality well-known and original works in an intimate, neighborhood environment, while creating an enjoyable musical theatre experience for diverse participants, both in front of and behind the curtain.

Galaxy Music Theatre is very proud of its reputation for presenting high quality productions that employ a diverse group of participants and cater to a diverse audience. To help us further promote our mission and grow our company, Galaxy is actively seeking four to six new board members who fall into one or more of the following categories:

- ✚ An entrepreneur who has successfully started and run a small business.
- ✚ A person with management experience in a large corporation that may be interested in charitable giving and/or corporate sponsorship.
- ✚ A person well seated in the community who has contacts with community philanthropists with a history of or an interest in supporting the arts.
- ✚ A person with a strong experience in marketing, preferably in marketing for a non profit organization.

Board Members should have a passion for musical theatre, and are asked to attend a majority of monthly board meetings, attend company productions, support the company with a financial contribution and help the company with fund raising activities.

As always, Galaxy is an equal opportunity organization and seeks Board Members without regard to sex, race, creed or sexual orientation. Anyone interested in becoming one of the newest Board Members of Galaxy Music Theatre should forward their resume to Executive/Artistic Director, S. Craig McConnell at craig@galaxymusictheatre.com, or to Board Chair, Erien O. Terry at Erien.O.Terry@atl.frb.org. If you know of any qualified person who may be interested in serving Galaxy in this capacity, please forward this notice to them. Our plan is to have our newest Board Members in place by the time of our annual meeting in July.
